

ELECTRICAL, MILLWRIGHT AND PLUMBER APPRENTICES 1 – 3 YEAR

Job Summary

Arcadian Projects Inc. is a Kitchener based contractor, involved in a number of construction and energy projects in Ontario. We are hiring Electrical, Millwright, and Plumbing Apprentices (1-3 year) to join our team of professional trades. Successful candidates will have the opportunity to work in many sectors of the construction industry that will help to strengthen and grow their respective trade skills.

- Candidates must be registered with the Ontario College of Trades.
- Candidates must have valid Working at Heights, WHMIS and an Ontario Driver's License with clean Driver's Abstract.

Qualifications:

- Self-motivated individual.
- Ability to collaborate with others and/or work independently.
- Understand the importance of adhering to safe work practices and compliance with all applicable legislative health and safety policies and procedures.
- Highly reliable individual dedicated to continuous improvement.
- Good housekeeping practices and/or willingness to learn.
- Punctual and responsible disposition with effective time management and listening skills.
- Able to demonstrate appropriate and effective interpersonal skills with peers, partners, and public as well as clients and co-workers.
- Eagerness to learn.

Job Type: Full-time

We Offer

- Competitive compensation and benefits package with RRSP matching offered after probation period.
- Opportunities for growth and development.
- Diversified work opportunities in the ICI and energy markets.
- An open and collaborative work environment.

Please send resumes to arcadianhr@arcadianprojects.ca

At Arcadian Projects we support a culture of inclusion, equity and equality; this promotes growth, confidence and cohesion amongst our team of partners, clients and peers. We look to connect with individuals that are career minded professionals who can collaborate with team members to promote a healthy and safe work environment.
